# **Bevy Wins Gold in the 13th Annual 2020 Women in Business and the Professions World Awards®**

*Recognized as leader in the Start-up of the Year for Consumer Services category*

**HOUSTON, TX – December 10, 2020** – Bevy announces that the Women World Awards has named them a Gold winner in the 13th Annual 2020 Women in Business and the Professions World Awards®.

The coveted annual Women World Awards program encompasses the world's best in leadership, innovation, organizational performance, new products and services, and milestones from every major industry in the world. Organizations from all over the world are eligible to submit nominations including public and private, for-profit and non-profit, largest to smallest and new start-ups.

Bevy was recognized as a leader in the start-up of the year for consumer services category. The company was designed to overcome the societal-normalized mindset that women can do it all alone, with little to no help, and to alleviate any feelings of shame or guilt in asking for help. Run by women, Bevy helps women to 'do it all' by providing relief from the constant time crunch and everyday responsibilities that drag them down and rob their time.

"It's an honor to be named a Gold winner by Women World Awards for this esteemed industry and peer recognition," said CEO and founder, Lynda Attaway. "This further validates our position as a company poised to successfully overcome the problem with the lack of women in C-suite roles and how home responsibilities are a contributing factor. We're seeking to build a support system and establish a legacy of opportunity for our daughters and appreciate the recognition."

Judges from a broad spectrum of industry voices from around the world participated, and their average scores determined the 2020 award winners. Winners will be celebrated and presented their awards during a virtual awards ceremony in December.
